

L172 Worksheet 3 — Handwritten reflection

Information, Entropy and Intelligence

Print this form, write **by hand**, then either scan or photograph clearly and upload as a **separate PDF**, or hand in a paper copy at the start of lecture 6. Do **not** type the reflection.

CRSid

Date _____

Prompt (up to about 300 words; use the lined pages):

- What did the exchange teach you about which coarse graining of Maxwell is legal?
- What did you learn about the model's way of locating the missing entropy?
- How does this relate to lecture 4 as you understand it?
- Has your sense of LLMs as tools of inquiry changed since Worksheet 2? Was this approach useful, or did you rely on other techniques?

Upload as L172_<CRSid>_worksheet3_reflection.pdf (or hand in a paper copy). Dialogue file is separate: L172_<CRSid>_worksheet3_dialogue.md.

This image shows a blank sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
