L172 Worksheet 4 — Handwritten reflection

Information, Entropy and Intelligence

Print this form, write **by hand**, then either scan or photograph clearly and upload as a **separate PDF**, or hand in a paper copy at the start of lecture 8. Do **not** type the reflection.

CRSid	**Date**
_____	_____

Prompt (up to about 300 words; use the lined pages):

- What did the exchange teach you about the Good Regulator Theorem relative to claims about general intelligence?
- What did you learn about the model's way of linking cybernetic slogans to AGI?
- How does this relate to lecture 6 (and later Week 7 material) as you understand it?
- Has your sense of LLMs as tools of inquiry changed since Worksheet 3? Was this approach useful, or did you rely on other techniques?

Upload as `L172_<CRSid>_worksheet4_reflection.pdf` (or hand in a paper copy). Dialogue file is separate: `L172_<CRSid>_worksheet4_dialogue.md`.
